*Letter of Recommendation*

*To Whom It May Concern,*

*I am submitting this letter as a positive reference for the great work that Ryan Ragan / Vast Oceans Surf & SUP School does in the Daytona Beach area. Maui Nix does not offer this service in the area and we recommend many our customers to his school. We have receive nothing but positive reviews and will continue to work with him and his team in the future.*

*Maui Nix holds three free surf class promotions during the summer for kids and is well received. We ask employees to volunteer their time from our stores and Ryan always comes out to help us make it a big success. He and his school consistently put back to the local surf community. He is well liked and respected as a surfing role model to kids and parents in the area.*

*Vast Oceans Surf & SUP has no business conflict with Maui Nix. In fact we often work together to help build a stronger surf community for the future.*

*Sincerely,*

*Bryan Smith*
